

Can't Kill My Dream

Walter Pichler, 2022

*In all that confusion
uncertainty in its prime
I draw the conclusion
it's not the end of time.*

*I was thinking about it
'bout my worried state of mind
but now I've made the decision
to leave my fear behind*

*No, never give up hope - no, never!
Don't be afraid to dream - not at all!
We'll go beyond the scope - I know we'll
make it!
I'm not afraid of it - can't kill my dream!*

*Be sure you can make it
You're destined to succeed
war is here to unmake it
peace is all we need.*

*I refuse to give up hope
and I think you share my view
I have great expectations
of the role of the nations
and I'm sure that peace will come true.*

*No, never give up hope - no, never!
Don't be afraid to dream - not at all!
We'll go beyond the scope - I know we'll
make it!
I'm not afraid of it - can't kill my dream!*

*In all that confusion
uncertainty in its prime
I've come to the conclusion
it's not the end of time.*

*Be sure you can make it
You're destined to succeed
war is here to unmake it
peace is all we need.*

*No, never give up hope - can't kill my
dream!
Don't be afraid to dream - I'm not afraid of
it - not at all!
I know we'll make it!
Can't kill my dream - not at all!
Can't kill my dream - can't kill my dream!*
