How many brains have you got?

brains

arms

knees

limbs

heads

eyes

heels

toes

necks

ears

lungs

nails

bums

palms

legs

teeth

spines

hands

cheeks

bones

chins

feet

wrists

cells

How many brains have you got?

brains	arms	knees	limbs - 4
heads	eyes	heels	toes - 10
necks	ears	lungs	nails - 20
bums	palms	legs	teeth - 32
spines	hands	cheeks	bones - 206
chins	feet	wrists	cells - billions

Jazz chants for
EFL/CLIL

bat - cat - hat - rat

bat - cat - hat - rat

a bat - a cat - a hat - a rat

bat - cat - hat - rat

a bat - a cat - a hat - a rat

a bat and a cat and a hat and a rat

Stress-timed languages

English

Swedish, Russian, Arabic,
European Portuguese...

Syllable-timed languages

French

Spanish, Italian, Japanese,
Brazilian Portuguese...

DICTATION

Sally speaks Spanish, but not very well

When she speaks Spanish you never can tell,

What language she's speaking, or trying to speak

The first time I heard her, I thought it was Greek

Volcanoes have cones, and some are quite tall

Volcanoes have vents, and some are quite long

Volcanoes erupt, produce steam and ash

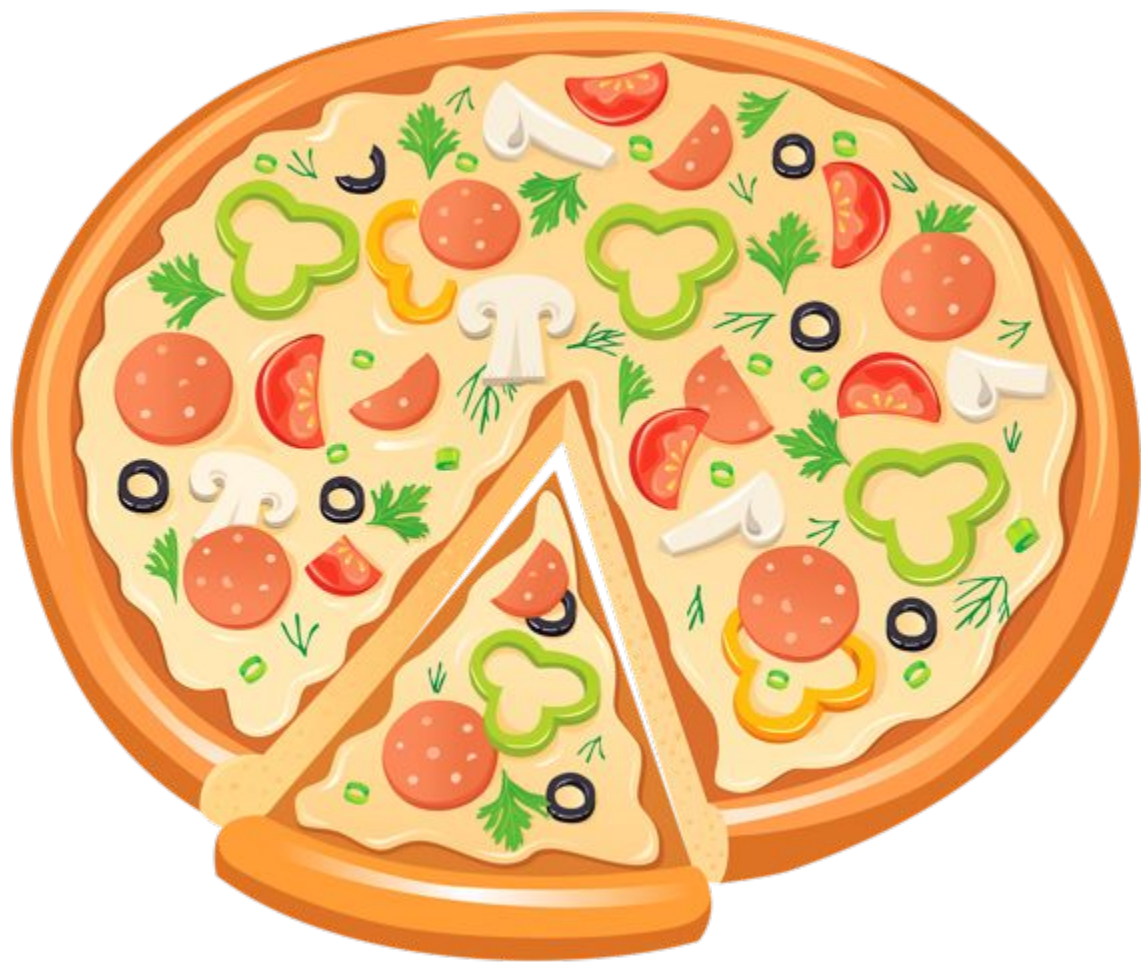

Some can be active but some can be dead

When ions and atoms are heated in flames

Electrons may jump and fall back again

It's very unstable and excited state

We then see the light as salts burn in flames

Pizza Train Dictation

Pizza train chant

Mushrooms, mushrooms,

Cheese, tomatoes, cheese, tomatoes,

Sausages, bacon, sausages, bacon,

Chicken and ham, chicken and ham,

Chicken and ham, chicken and ham,

Red and green peppers, red and green peppers,

Olives, onions, olives, onions,

Tu-u-una, tu-u-una!
